Ksenia Totoeva
Graduate

Ksenia graduated from the University of Newcastle in 2009 with First Class Honours and the University Medal before joining lahznimmo architects in January 2010. Prior to this Ksenia gained professional experience working for ASK Design from 2006 to 2008 after receiving her Bachelor of Science (Architecture).

Since joining the team Ksenia has been involved at a briefing, concept design and documentation level in several projects, most notably the Helensvale Library and Community, Cultural and Youth Centre, Canberra's City Hill Masterplan and Wallace Wurth Redevelopment for the Faculty of Medicine at the University of New South Wales. Ksenia has excelled in running design workshops, coordinating planning and managed lead times for the Wallace Wurth Redevelopment.

Ksenia's strengths lie in her analytical abilities and general thoughtfulness towards all aspects of architecture from conceptual design to the documentation process.

During her studies, Ksenia was actively involved in University life both academically through tutoring and research positions and socially through student advocacy and leadership. Her commitment resulted in a number of well deserved awards and scholarships not least of which facilitated a self-directed architectural study tour of Eastern and Central Europe where she gained valuable experience of the profession abroad.

Wallace Wurth Redevelopment for the Faculty of Medicine, UNSW.
